PROGRAM ADMISSION REQUIREMENTS – MAY NOT BE WAIVED BY THE STUDENT OR THE INSTITUTION

Prior to acceptance, applicants must successfully complete an admissions interview, successfully pass the Ace Community College entrance English test (reading, writing, speaking and listening) with a minimum 70% mark, and must be a sponsored apprentice registered with SkilledTradesBC prior to starting the program and writing the I SkilledTradesBC Standard Level Exam.

PROGRAM OUTLINE

Course Duration and Schedule

Total program hours	300 hours
Total program length Full-time	8 weeks

The campus determines the start date for this program and how frequently the program is delivered will depend on enrolments. Students may only enter the program in the introductory phase as the program is cohort-based.

On-campus courses are scheduled Monday to Friday, with students expected to attend all sessions, which are 7.5 hours in length. Specific class hours and schedule will be provided by the campus at the time of enrolment. In B.C., students normally write the Inter-Provincial (IP) exam during the final week of the last technical training session. The SkilledTradesBC is responsible for tracking technical training session completions in SkilledTradesBC Direct Access and administers the IP exam. To qualify to write the IP exam, students must have successfully completed all of the technical training sessions for the registered electrician trade.

Brief Course Description

The Electrician Common Core Level 1 program is designed to prepare apprentices to upgrade the knowledge and skills that they have acquired by working with Electrical contractors over a short period of time involved in residential electrical work. Students will work and learn in the classroom and laboratory to access and utilize resource materials. Using this learning, the students will then follow appropriate procedures for installing and maintaining electrical equipment.

In B.C., an individual can become certified as a Construction Electrician by completing the Construction Electrician (Electrician) program.

This Electrician Common Core Level 1 program provides adults who have work experience or employer sponsorship with an opportunity to gain the knowledge and skills needed to attain the Electrician Common Core Level 1 apprenticeship ticket.

Learning Objectives

The aim of this program is to provide learners with the necessary skills and aptitude required to advance their careers as electrical apprentices in various settings: residential, commercial, and other electrical contractors. Students will learn all of the general area competencies required for work-based training and Level 1, understand the apprentice pathway to certification, and be prepared to write the SkilledTradesBC Standard Level Exam(SLE) for the Electrician Common Core Level 1 program at the conclusion of the technical training.

Teaching Methods

Course delivery is instructor-led and combines theory lectures with laboratory demonstrations and practical laboratory engagement.

- In-class lecture including demonstrations
- Focused course activities
- PowerPoint presentations as applicable
- Application based exercises

Homework Hours

Homework expectation is a minimum of five hours per week to support the course learning.

Methods of Student Evaluation

Self-test quizzes are used as a means of validating the students' module progress. Students should use these self-test quizzes as a means of identifying their strengths and the areas they can improve on. Areas of difficulty are best addressed by seeking additional assistance. Tests are included in the overall course grade and are taken upon the completion of each module. The tests carry a weight of 60% and are added to a participation mark weighted at 40% to equal the final course grade out of 100%. A minimum of 70% is required to pass each test. A final SkilledTradesBC exam is also taken on the last day. A final grade of 70% is required to pass this exam.

Completion Requirements

70% average upon successful completion of all course and attested workplace hours.

STATEMENT OF STUDENT RIGHTS

Ace Community College is certified with the [Private Training Institutions Branch](#) (PTIB) of the British Columbia Ministry of Advanced Education and Skills Training.

Before you enrol at a certified private training institution, you should be aware of your rights and responsibilities.

You have the right to be treated **fairly** and **respectfully** by the institution.

You have the right to a **student enrolment contract** that includes the following information:

- amount of tuition and any additional fee for your program
- refund policy
- if your program includes a work experience, the requirements to participate in the work experience and the geographic area where it will be provided
- whether the program was approved by PTIB or does not require approval.

Make sure you read the contract before signing. The institution must provide you with a signed copy.

You have the right to access the institution's **dispute resolution process** and to be **protected against retaliation** for making a complaint.

You have the right to make a **claim** to PTIB for a **tuition refund** if:

- your institution ceased to hold a certificate before you completed an approved program
- you were misled about a significant aspect of your approved program.

You must file the claim within **one year** of completing, being dismissed or withdrawing from your program.

For more information about PTIB and how to be an informed student, go to:

<http://www.privatetraininginstitutions.gov.bc.ca/students/be-an-informed-student>.

WORK EXPERIENCE (If applicable)

The Electrical Industry strongly recommends that apprentices considering attending Level 1 Construction Electrician technical training have at least one year of work-based training as an electrical apprentice before beginning their in-school technical training. This is not a requirement but a recommendation.

REGULATORY REQUIREMENTS (If applicable)

Individuals who wish to begin an apprenticeship in this program must register with SkilledTradesBC along with their sponsor. Application forms for all programs are available from the SkilledTradesBC website. Online registration is also available for most programs through the SkilledTradeBC website.

TUITION REFUND POLICY

A student may be entitled to a refund of tuition fees in the event that:

- The student provides written notice to the institution that the student is withdrawing from the program or, the institution provides written notice to the student advising that the student has been dismissed from the program.

- The written notice of withdrawal or dismissal must include an effective date.
- The refund to which a student is entitled is calculated on the total tuition fees due under the contract. Where total tuition fees have not yet been collected, the institution is not responsible for refunding more than has been collected to date and the student may be required to make up for monies due under the contract.
- Where a student withdraws or is dismissed from their program after receiving tools and/or technical equipment from the institution free of charge, the student must return the tools and/or technical equipment unopened or as-issued within 14 calendar days. If the student fails to return the tools and/or technical equipment within 14 calendar days, or the student does not return the tools and/or technical equipment unopened or as-issued, the institution may deduct the reasonable cost of the tools and/or technical equipment from any amount to be refunded to the student.
