## PROGRAM ADMISSION REQUIREMENTS – MAY NOT BE WAIVED BY THE STUDENT OR THE INSTITUTION

Grade 12 graduation, or equivalent (General Education Development, Adult Basic Education), or mature student status (age 19 and one year out of school). All transcripts must be "true certified copies" or originals. Applicants must successfully complete an admissions interview and entrance assessments with a minimum score of 70% in the English Assessment and a minimum score of 70% in the Math Assessment.

### Domestic Students:

Domestic students who can provide a Canadian transcript showing completion of English 11 or 12 (or equivalent) with a passing grade of 'C', will be exempt from having to write the English Entrance Assessment.

Domestic students who can provide a Canadian transcript showing completion of Math 10, 11 or 12 (or equivalent) with a passing grade of 'C', will be exempt from having to write the Math Entrance Assessment.

### International Students:

International students can meet the Math Entrance Assessment requirement by providing an equivalent to Canadian High School Math 10, 11 or 12 with a passing grade of 'C'. The credential must be evaluated and verified.

## PROGRAM OUTLINE

### Course Duration and Schedule

Total program hours	725 hours
Total program length Full-time	20 weeks

The campus determines the start date for this program and how frequently the program is delivered will depend on enrolments. Students may only enter the program in the introductory phase as the program is cohort-based.

On-campus courses are scheduled Monday to Friday, with students expected to attend all sessions, which are 7.5 hours in length. Specific class hours and schedule will be provided by the campus at the time of enrolment. In B.C., students normally write the Inter-Provincial (IP) exam during the final week of the last technical training session. The SkilledTradesBC is responsible for tracking technical training session completions in SkilledTradesBC Direct Access and administers the IP exam. To qualify to write the IP exam, students must have successfully completed all of the technical training sessions for the registered electrician trade.

### Brief Course Description

This Electrical Foundation harmonized program provides adults and youth, who do not have work experience or employer sponsorship, with an opportunity to gain the knowledge and skills needed to enter the Construction Electrician occupation. An Electrician is designated as a Construction Electrician under the Inter-Provincial Red Seal program. This program provides opportunities for students to gain lifetime employable skills and provides employers with a highly trained and experienced workforce, while strengthening B.C.'s economy.

The program emphasizes a hands-on approach to training, where experience gained in the workshop is focused on industry practice. The necessary theoretical component is integrated into the program to complement and enhance the practical. Industry tours will expose the student to a variety of work environments.

After completing a mathematics review, students will learn how to use hand tools, power tools and test equipment safely; apply basic Electrical theory and circuit concepts; learn safety procedures; read and interpret drawings; install low voltage systems and control devices; analyze motor controls and are introduced to the Canadian Electrical Code. Practical application of theory is demonstrated in Labs and Shop. Contained within the program is certification training for WHMIS and Standard First Aid CPR/AED Level C.

This program includes Level 1, which is the first year theoretical and hands-on training component of the four-year apprenticeship program. Upon successful completion of the program requirements, students will receive certification and a total of 350 hours towards their apprenticeship.

### **Learning Objectives**

The aim of this program is to provide learners with the necessary skills and aptitude required to advance their careers as electrical apprentices in various settings: residential, commercial and other electrical contractors. Students will learn all of the general area competencies required for work-based training and Level 1, understand the apprentice pathway to certification, and be prepared to write the SkilledTradesBC exam for Electrical Foundation harmonized program at the conclusion of the technical training. Foundation training prepares students to begin work in the construction industry. Students who successfully complete this program will acquire breadth of knowledge and develop the necessary habits concerning safety, time and materials management, hand tools and power tools. Various practical projects are performed in a shop environment to enhance students' skills in layout, assembly, installation, testing, troubleshooting and repairing electrical wiring, fixtures, control devices and related equipment in buildings and other structures.

At the end of the Foundation program students will write the Construction Electrician Level 1 exam. Students who complete the Foundation program and exam are eligible for Skilled Trades BC credit in Construction Electrician Level 1 apprenticeship and 350 work-based hours.

### **Teaching Methods**

Course delivery is instructor-led and combines theory lectures with laboratory demonstrations and practical laboratory engagement.

- In-class lecture including demonstrations
- Focused course activities
- PowerPoint presentations as applicable
- Application based exercises

### **Homework Hours**

Homework expectation is a minimum of five hours per week to support the course learning.

### **Methods of Student Evaluation**

Self-test quizzes are used as a means of validating the students' module progress. Students should use these self-test quizzes as a means of identifying their strengths and the areas they can improve on. Areas of difficulty are best addressed by seeking additional assistance. Tests are included in the overall course grade and are taken upon the completion of each module. The tests carry a weight of 60% and are added to a participation mark weighted at 40% to equal the final course grade out of 100%. A minimum of 70% is required to pass each test. A final SkilledTradesBC exam is also taken on the last day. A final grade of 70% is required to pass this exam.

### **Completion Requirements**

- Successful completion of all course assignments, class tests, practicals and all exams leading to minimum of 70% overage average.
- Successful completion of Occupational Level 1 First Aid and WHMIS training which will be completed during the program.

## STATEMENT OF STUDENT RIGHTS

Ace Community College is certified with the [Private Training Institutions Branch](#) (PTIB) of the British Columbia Ministry of Advanced Education and Skills Training.

Before you enrol at a certified private training institution, you should be aware of your rights and responsibilities.

You have the right to be treated **fairly** and **respectfully** by the institution.

You have the right to a **student enrolment contract** that includes the following information:

- amount of tuition and any additional fee for your program
- refund policy
- if your program includes a work experience, the requirements to participate in the work experience and the geographic area where it will be provided
- whether the program was approved by PTIB or does not require approval.

Make sure you read the contract before signing. The institution must provide you with a signed copy.

You have the right to access the institution's **dispute resolution process** and to be **protected against retaliation** for making a complaint.

You have the right to make a **claim** to PTIB for a **tuition refund** if:

- your institution ceased to hold a certificate before you completed an approved program
- you were misled about a significant aspect of your approved program.

You must file the claim within **one year** of completing, being dismissed or withdrawing from your program.

## TUITION REFUND POLICY

A student may be entitled to a refund of tuition fees in the event that:

- The student provides written notice to the institution that the student is withdrawing from the program or, the institution provides written notice to the student advising that the student has been dismissed from the program.
- The written notice of withdrawal or dismissal must include an effective date.
- The refund to which a student is entitled is calculated on the total tuition fees due under the contract. Where total tuition fees have not yet been collected, the institution is not responsible for refunding more than has been collected to date and the student may be required to make up for monies due under the contract.
- Where a student withdraws or is dismissed from their program after receiving tools and/or technical equipment from the institution free of charge, the student must return the tools and/or technical equipment unopened or as-issued within 14 calendar days. If the student fails to return the tools and/or technical equipment within 14 calendar days, or the student does not return the tools and/or technical equipment unopened or as-issued, the institution may deduct the reasonable cost of the tools and/or technical equipment from any amount to be refunded to the student.

Institution must pay the tuition or fee refund **within 30 days** after receiving notice of withdrawal or refusal of study permit; providing a notice of dismissal, or the date on which the first 30% of the hours of instruction are provided (no-show).

**International Students:**

- An international student is a person who is not a Canadian Citizen, Permanent Resident or who has been determined under the Immigration and Refugee Protection Act to be a Convention Refugee.
- If an international student’s Study Permit has not been issued by the start date identified in the institution’s Letter of Acceptance and the student so notifies the institution, at the request of the student, the institution may issue a second Letter of Acceptance for a later start date. In such a circumstance, the institution may charge the student an additional \$200.00 administrative fee and retain the balance of the prepaid tuition fees pending the outcome of the Study Permit application. Should the student fail to advise the institution, the institution’s tuition refund policy will apply.

**PRIVATE TRAINING INSTITUTIONS BRANCH**

This institution is certified by the Private Training Institutions Branch (PTIB) of the Ministry of Advanced Education and Skills Training. Certified institutions must comply with regulatory requirements relating to, among other things, student enrolment contracts, tuition refunds and instructor qualifications.
